# FRENCH CROSS THE RHINE AND OCCUPY HUN CITIES

## CONGRESS COMMITTEE HEARS BUDGET PLEAS BY WIRELESS PHONE

Left to right are Representatives Julius Kahn, William J. Fields and Frank L. Greene taking phone testimony.

To make a more determined bid for generous appropriations for the department the war department has ingeniously rigged up a wireless telephone outfit in the rooms of the house committee on

military affairs and set up connections in the war department. By this means the committee on appropriations can get in touch instantly with the division heads regarding appropriations asked,

thereby giving the war department hence a chance to plead their cause. The photo shows Chairman Julius Kahn and other members of the committee hearing from an official.

## ILLEGAL STRIKE OF SWITCHMEN IS GIVEN BLOW

Union Strike - Breakers Make Headway in Affording Relief At Chicago.

Extensive Suspension of Packing Industry Continues.

(By Associated Press.)

Chicago, April 6.—Use of union strikebreakers to put down the unauthorized walkout of members of the recently formed Chicago Yardmen's Association, held forth a promise of restoration of nearly normal freight traffic to and through Chicago by Saturday, representatives of the eighteen railroads affected by the strike and the Brotherhood of Railway Trainmen and the Switchmen's Union of North America said today.

The two major unions have joined with the railroad managers in declaring the strike illegal, and it was through efforts of their grand lodge officers that from 400 to 500 yardmen from other cities worked in the Chicago yards last night.

Meanwhile, extensive suspensions of production at the Chicago stockyards were threatened by light receipts of cattle and hogs.

## ONE KILLED DURING RIOT

(By Associated Press.)

Cleveland, O., April 6.—John Henry, acting business agent of the Van Drivers' Union, was shot and Walter Clem, president of the local federation of labor, was beaten over the head with clubs while doing picket duty at a contracting teamsters' stable today in a disturbance growing out of a strike of van drivers.

## GERMAN REDS LOSE HEAVILY

(By Associated Press.)

BERLIN, APRIL 6.—THE REDS, LOST THREE HUNDRED KILLED IN FIGHTING WITH GOVERNMENT TROOPS NEAR PELKUM, NORTH-EAST OF HAMM, WESTPHALIA, ACCORDING TO DISPATCHES RECEIVED TODAY. TWO ARMORED CARS AND ONE FLYING SQUADRON PARTICIPATED IN THE ACTION.

## WOMEN FACE PROSECUTION

(By Associated Press.)

Washington, April 6.—Regardless of the warning of the federal government that they would be prosecuted under federal penal statutes, two women favorable to an Irish republic, resumed today the picketing of the British embassy which led yesterday to two arrests.

A few minutes after the women appeared carrying banners they were warned to leave and when they failed to comply, were arrested.

Two other women took their places and were also arrested.

## SAYS GASOLINE SALE NECESSARY

(By Associated Press.)

Huntington, W. Va., April 6.—Gasoline is as necessary for an automobile as feed for a horse, Magistrate Wright ruled in discharging two local garage owners who were charged with having violated the Sunday closing law by selling gasoline.

## ITALY WILL NOT ASSIST FRANCE

(By Associated Press.)

Rome, April 6.—The press says today that at a cabinet meeting the government has decided to extend to France Italy's moral support in her occupation of German cities. Italy, it is understood, will not be a party to military operations in Germany.

## FRANCE ASKS U. S. ATTITUDE

(By Associated Press.)

Washington, April 6.—The French government has asked for an expression of opinion by President Wilson as to the occupation of German cities.

## FESS CONDEMNS WILSON'S POLICIES

(By Associated Press.)

Providence, R. I., April 5.—Condemnation of the "marked socialism" of President Wilson and warning against the "trend towards nationalization of industries, as suggested in his partiality to the soviet plan" were voiced at the Republican state convention today by Congressman Simeon D. Fess, of Ohio.

## YANK SOLDIERS NOT MISTREATED BY THE FRENCH

General Makes Denial That Unwarranted Arrest of Americans Were Made.

Insists Paris Police Did Not Mistreat His Men.

(By Associated Press.)

Washington, April 6.—Charges that "strong-armed, bloodthirsty police companies swept the streets of Paris, making wholesale arrests of American soldiers" were denied today before a House investigating committee by Brigadier General Harts, former commander of American troops in the Paris district.

General Harts, who was ordered home from Germany, where he is chief of staff of American forces, also denied that prisoners were "put through a third degree to obtain confessions of crime" or that they were "beaten, threatened and inhumanely treated."

## WILL ADJUST WAGE TROUBLE

(By Associated Press.)

New York, April 6.—The situation in the bituminous coal fields of Ohio, Kansas and Illinois brought about by the dissatisfaction of the miners with the new wage contract "will be satisfactorily adjusted within a few days" President Lewis declared today.

## WISCONSIN IS VOTING TODAY

(By Associated Press.)

Milwaukee, April 6.—A heavy vote was in prospect today in the statewide primary for delegates to the national conventions.

## GRAND JURY AFTER SLACKERS

(By Associated Press.)

Cincinnati, O., April 6.—The federal grand jury was impaneled today and immediately began investigation of alleged cases of evasion of the military draft.

French Soldiers March Unmolested Into Big German City Of Frankfurt At Dawn Tuesday Morning.

SMALL BAND OF HUNS OFFER NO RESISTANCE

Darmstadt Also Occupied By Foch's Men Seeking to Force German Withdrawal From The Ruhr.

State of Siege Declared in Many Rhineland Cities.

Invaded Communities To Pay Cost of Occupation.

(By Associated Press.)

Mayence, France, April 6.—French troops entered Frankfurt at five o'clock this morning, finding only a small German force left there to afford police protection for the people.

The occupation of the city was a mere military march and was not attended by any fighting. Darmstadt was entered shortly afterward by French forces. The German government troops in that city left at midnight to avoid contact with the French, and this morning were six miles east of the city.

General DeGoutte, the French commander, has issued a proclamation to cities and towns within the areas to be occupied, declaring French troops have crossed the Rhine to compel the Berlin government to respect its agreement to the Allies and asserting there is no hostile intent toward the people of that area.

The proclamation says the French troops will withdraw as soon as Government forces have evacuated the neutral zone and declares no one will be affected by the presence of the French as long as order is maintained.

The proclamation makes several provisions for public order and says: "Frankfurt, Darmstadt, Offenbach, Hochstadt, Koenigstein and Bieburg, as well as all towns and districts within the circle of Gross Geran, Langschwalbach and Wiesbaden, are declared under a state of siege.

Newspapers are temporarily suspended and people are forbidden to congregate in groups of more than five.

## SPECULATION AS TO SUPPORT FROM THE ALLIES

(By Associated Press.)

Paris, April 6.—Chief interest in the situation as evidenced by newspapers here is whether the Allies will support France in its occupation of the Ruhr district and to what extent. This query was put to Premier Millerand and the Premier answered:

"England was victorious and so was France. I am confident everything will work out perfectly."

Asked who would pay the expense of the occupation, the Premier said: "Why, Germany, obviously, since it was she that by her acts obliged us to resort to coercion."

The French occupying force is estimated to number about eighteen thousand men and is composed largely of cavalry with detachments of infantry.

## RETURNS INDICATE JOHNSON IS WINNER

Leads Wood Nearly Two to One In First Half of Votes Counted.

HOOVER LEADS DEMMIES

Wood Gaining Ground As Rural Returns Come In.

(By Associated Press.)

Detroit, Mich., April 6.—Returns from 1286 out of 2,421 precincts give Johnson 113,326 and General Wood 65,767. About one-half of the precincts show for the democrats Hoover 13,154, Edwards 11,352 and McAdoo 10,617. Governor Lowden of Illinois was running a poor third for the republicans.

(By Associated Press.)

Detroit, Mich., April 6.—With approximately one-half the precincts voting in yesterday's presidential preferential primary tabulated this afternoon, United States Senator Hiram Johnson held a lead of 44,657 votes over Major General Leonard Wood for the republican endorsement.

The figures from 1200 precincts gave Johnson 106,556 and Wood 51,899. Included in these figures was the complete city vote if Detroit practically complete return from Grand Rapids, and half of the vote from other industrial centers.

The complete Detroit vote gave Johnson 69,994 against 16,143 for Wood.

Returns from the northern peninsula, which the Wood campaign managers claimed, were slow in arriving. Figures from about half the precincts showed Wood 16,742 and Johnson 8,011.

Herbert Hoover whose name was on both ballots, was leading the democratic ticket with 11,468, against 10,250 for Governor Edwards of New Jersey.

McAdoo had 9,258 and Bryan 7,267. The democratic vote was light.

## GOVT. TAKES STEPS TO END PICKETING OF BRIT. EMBASSY

(By Associated Press.)

Washington, April 5.—The federal government moved today to put an end to the picketing of the British Embassy, which was renewed this morning by women sympathizers with the movement for an Irish Republic.

United States District Attorney Laskey informed Matthew O'Brien, counsel for the women, that if his clients persisted they would be prosecuted.

Captain Doyle and two police women were sent to the embassy and found Mrs. Mark Walker, of Astoria, Long Island, and Miss Mollie Carroll, of New York City carrying banners on the side walk. Captain Doyle informed them that unless they left in fifteen minutes they would be arrested but they refused. After they had been taken to police headquarters and held for half an hour they were released on order of Mr. Laskey.

King Christian of Denmark has refused to re-instate ex-Premier Zahle despite the protest of the social democratic parliamentary group.

## BABY BUGGIES BLOCK TRAFFIC AT RENT MEET

Mothers Recover Own Children With Difficulty.

Landlords Agree to Postpone Evictions.

(By Associated Press.)

New York, April 6.—Baby carriages today blocked traffic in front of a Brooklyn court house so great was the crowd of evicted tenants seeking relief under new laws designed to curb profiteering in rent.

Whole families went to court, the babies being left outside.

When the parents returned their joy was not unminged with concern at the task of sorting out their children, who had been exchanging carriages and otherwise getting mixed up. Most landlords agreed to postpone evictions until July.

## MINES CLOSED

(By Associated Press.)

Pittsburg, April 6.—Although promises to meet the wage demands of striking day-men in the eastern Ohio bituminous coal district, were made today by many important coal operating companies, the principal mines were still closed with 3,000 men idle.

## NO RESPONSE FROM ALLIES

(By Associated Press.)

Paris, April 6.—The French government has not yet received a reply from Great Britain and Italy to its notification to them of the occupation of various German cities in the Rhineland.

## GEN. STANSBERRY TO COMMAND 37TH

Columbus, O., April 5.—Official announcement that Brigadier General Sanford B. Stansberry, of Cincinnati, has been tendered the appointment as major general to command the 37th Ohio National Guard Division by Governor Cox was made today by Adjutant General Layton. It is expected he will accept.

It also was announced that Colonel George H. Wood, of Dayton, and Colonel Benson W. Hough, of Delaware, have been appointed brigadier generals to command the first and second infantry brigades. Both have accepted.

## JAPANESE NOW OCCUPY IMPORTANT RUSS CITY

Heavy Battle Lasting Eight Hours Fought Before Japs Control Vladivostok

RUSSIANS MADE THREATS

Hard Fighting Between Russ And Japs Continues Around Nikolsk.

(By Associated Press.)

Washington, April 6.—The Japanese attack on Vladivostok, which gave them control of the city, resulted from "threatened and aggressive acts of a portion of the Russian army" according to an official dispatch received today from the Japanese war department.

The dispatch said the Japanese commander issued a proclamation that his action had no motive other than to maintain order. It was added the Russian authorities were being negotiated with "an endeavor to arrive at a harmonious future policy."

The dispatch said the battle between the Japanese and Russians around Nikolsk was continuing.

The occupation of Vladivostok occurred after eight hours of severe fighting in all parts of the city. Some of the officials of the revolutionary regime were arrested.

## MORE DAYLIGHT PROPOSAL NOW UP TO COUNCIL

Petition Asking Change Is Placed in Hands of Claims Committee.

Many Street Improvements Receive Attention, Including Market Street.

Material From Streets Excavated to Build Much Needed Streets.

Great interest centered in the daylight saving proposal and additional street improvements before Council Monday night, and a large number of

citizens, including several members of the Fayette County Farm Bureau, were present and watched proceedings with interest.

Chief interest was in the daylight saving proposal. This was presented by David Sutherland, in the shape of a petition containing some 500 names, asking that the business hours be changed so that an hour of additional daylight would be available during the next several months. Mr. Sutherland said that he had found less than 20 persons who did not sign the petition, and that he believed the petition a fair representation of the sentiment of Washington citizens generally. He said the county commissioners previously had agreed to accept the change if council acted favorably.

Upon motion by Himmler the petition was placed in the hands of the committee on claims, composed of Rowe, Bloomer and Kingsbury.

Attorney C. A. Reid, representing members of the Farm Bureau, protested against any change being made at the time of the court house clock, saying that his clients believed that such a change would work a hardship upon the farmers who already were getting out at dawn.

To Build New Streets.

Attorney H. M. Rankin, representing citizens in Millwood and the Sunlight Creameries, asked that the new street extending from Millikan ave-

nue to Dayton avenue, south of the Willis Lumber Yards and Sunlight Creameries, be completed, declaring that there was a constantly increasing demand for the additional link between Dayton avenue and the up-town district. He called attention to council's agreement in 1915 to build the street, and said that inasmuch as a great deal of material was now available by reason of preparing other streets for paving, that the material could be used in completing the fill, much of which already has been completed.

It was the sense of council that the Service Director proceed with the fill, and that the deeds to the property be made over to the city.

Sewer Troubles.

Attorney Ray Maddox made application to have a sewer on South North street placed in proper condition before paving, and the sewer extended one square between Fourth street and Elm street. The Service Director and Engineer were instructed to investigate.

E. W. Darfinger asked for a sewer on Gregg street, and the application was referred to the service committee.

Dr. Roy Brown asked concerning an application made some time ago for paving of Vandeman avenue. He stated the street was in very bad condition and that a large amount of traffic detoured over the avenue to Millikan avenue. No action was taken.

Grove Avenue Extension.

Engineer Jacobs reported on Grove avenue extension, stating that he had staked out the proposed street, and submitted diagrams of the proposed extension, which starts at Washington avenue and extends to Lewis street on Columbus avenue.

The report was referred to the service committee with instructions to ascertain the cost of opening the street.

Bond Issue Authorized.

An ordinance to issue bonds in the sum of \$14,500 to pay the city's portion of improving Oak Temple, Water streets and Dayton avenue, was passed under suspension.

An ordinance to proceed with the improvement of Dayton avenue was passed under suspension of rules. The street is to be paved 29 feet in width during the present summer, and sidewalks added where needed.

A resolution to issue bonds in the sum of \$13,000 for extending payment of a water bill of \$3340; gas and electric bill of \$7,017.24; fuel bill of \$1,470.45 and take up a certificate of indebtedness in the sum of \$1200, was presented and passed.

Reports Filed.

Mayer Dahl's report for March was filed, showing costs and licenses collected to the extent of \$29.70.

Auditor Hitchcock's report showed balances on April 1st as follows: General, \$445; Safety, \$1820.46; Health \$645.08; Service, \$1728.79.

Circle Avenue Sewer.

City Engineer Jacobs recommended construction of a new sewer on Circle Avenue to cost approximately \$1,840.80. This was referred to the service committee.

Member Brownell, chairman of the Service Committee, which is making a record for prompt work upon matters assigned to the committee, recommended immediate rebuilding of one of the streets leading to the new foundry and Handle plant, either Rose avenue, Western avenue, or Delaware street. Material from some of the streets being excavated, will be used and the engineer and service director were named to pick the street and proceed with the work.

Financial Report.

City Auditor Hitchcock gave interesting figures on the city's bonded indebtedness, stating that the limit allowed was \$250,000, and that the indebtedness at present was \$210,000, with some \$20,000 to be reduced from

the amount this year. He also said that a recent issue of \$5,000 and the issues of Monday night totaled \$32,000, and must be added to the total bonded indebtedness, so that it would virtually be at the limit.

Accept Market Street Plan.

The Service Committee's report, recommending pavement of East Market Street and cost of the grass plots maintained by the city by special assessment against abutting properties, was accepted, upon motion by Rowe, resident of the street. No time has been set for making the improvement.

The Andrews Asphalt Paving Company was allowed permission to extend a switch and use part of South North street for material.

The City Engineer and Solicitor were delegated to confer with the county commissioners regarding the county's aid on Dayton avenue and Columbus pike.

It was stated that the city's boundary line on the southeast was uncertain, and should be definitely established.

Council adjourned to meet next Monday night.

Joint Session.

Preceding the meeting of council the Union Township Trustees met with the council and heard the report of Cemetery Superintendent Gosard, which showed 23 burials for the first three months of this year. Receipts for the quarter totaled \$1518.30 and expenses reached \$1200.85.

# THE FAYETTE AUTO CLUB OFFERS AID TO COUNCIL

*City Authorities Assured of Earnest Co-operation of Powerful Ally in all Forward Looking Endeavors.*

*Better Protection at Railroad Crossings Either by Watchmen or Gates is Urged.*

*Action to Secure Immediate Improvement of Wretched B. & O. Railway Crossings is Asked.*

The outstanding feature of the regular session of the City Council Monday evening was the presentation of a communication from the Fayette County Automobile Club congratulating the city's legislative body on the progressive work that had been done pledging aid in all further endeavors for a better and bigger Washington in the true sense and placing before council the evidence of the desire for particularly necessary betterments.

The Automobile Club is composed of hundreds of our best citizens and in its work, on behalf of its members, the club has become possessed of a fund of valuable information.

The matters referred to in the communication are all of vital importance to the city as well as to the welfare of every person who drives a motor car. The intent of the club in bringing the matter discussed before the council is only that council may know that a vast body of citizens are earnestly hoping that council may take steps toward relief and assuring the legislative body of co-operation. The club has at no time since its organization taken any radical step; no step which might be construed as a desire to assume authority. It realizes that council and not the Automobile Club has been chosen to make the laws for the city and the only purpose of the club is to point out, and as well, urge for consideration any condition that requires attention and to support all measures for relief undertaken by council.

Heretofore the active assistance and co-operation of the club has been found to be of great help to officials. The club has grown in membership and influence during the past six months to a very marked degree and it is more able now to give assistance than ever before.

The needed improvements, to which council's attention is directed are important and not at all difficult of attainment if the concerted efforts of the main body (the City Council) and the voluntary aid (the Automobile Club) can be secured.

The new railroad crossings and watchmen or gates at the more dangerous crossings are vital and can be secured if the demand is earnestly made and pushed forward with the combined power of both council and club.

A gratifying feature of the action is the very manifest disposition of the club to refrain from undertaking any assumption of power.

The communication in full is as follows:

To the Honorable Council of Washington.

Gentlemen:—

The Fayette County Automobile Club as deputy registrar of automobiles has without expense to the state and with no profit to itself issued during the past few weeks license plates for motor cars and trucks to amount of \$27,000. Of this amount about \$9,000 was paid by residents of Washington. Under the new law of 50 per cent of the amount paid by residents of a municipality is returned to the district of origin and in case of this city the amount for 1920 will approximate \$5500.

This sum is available for the maintenance and repair of public roads, highways and streets and for no other purpose.

The intention of the Automobile Club in addressing council at this time is to furnish advance information as to the funds available for the repair of the streets

of the city during the current year to the end that council may anticipate the improvements which these funds make possible.

The Automobile Club at this time wishes to call the attention of the council to several situations with the intention that if council wishes to act in these matters it desires council to know that the Automobile Club stands squarely behind the action council may take.

In the distribution of the license tags to hundreds of persons many comments were made as to conditions and the Automobile Club desires to pass on those most important with its intercession.

They are:  
First—Entrance to the city is free from all directions with the exception of Clinton avenue from Court street to the beginning of the main market road. Also that portion of Lewis street left unimproved from Columbus avenue north two squares. The Automobile Club hopes that both of these squares as well as the bad portion of Clinton avenue may be speedily repaired.

Second—The deplorable condition of the Baltimore & Ohio railroad crossings on South Main, South Fayette, West Court and North North streets. The Automobile Club last fall attempted to induce the railroad company to put these crossings in shape and as no action has been taken it asks that council take early and decisive action.

Third—The growth of motor and other traffic in the city and especially between the north and south sections of the city has reached a point in volume that makes necessary for protection of all citizens of the county an adequate system of safety gates at the railroad intersections in this city. To this end the Automobile Club asked that council take the necessary steps to lay the situation before the State Public Utilities Commission with a recommendation for permanent automatic safety gates.

Very respectfully,  
THE FAYETTE COUNTY  
AUTOMOBILE CLUB

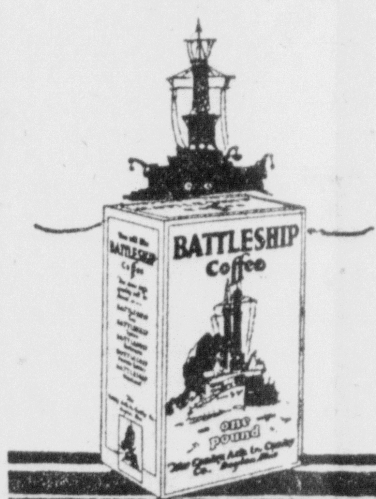

The recommendations were turned over to the service committee for investigation, and many councilmen voiced their approval of the improvements asked by the club, and indicated a willingness to do what they can to bring about the changes sought. Nolan Hathaway presented the communication to council.

## SOUTH SALEM MAN CLAIMS LOST CAR

Ownership of a Ford roadster abandoned near Bloomington on the Columbus pike proved to be Joseph Cokenbough, of South Salem, the machine was found Sunday morning and immediately Mayor O. W. Creath got in touch with surrounding towns to find the owner.

It was at first supposed that the machine was the J. W. Losey car, taken in Greenfield a few nights ago but a telephone call found that Mr. Cokenbough was looking for a Ford taken from his barn Saturday night in South Salem and that a neighbor, Mrs. S. R. Evans was looking for a fine robe missing from her barn.

The robe was found in the machine. Two 38-caliber cartridges and an empty cartridge box were also found in the car.

Mayor Creath has started an investigation of the theft.

### The Automobile Club

The members of the City Council at their Monday night session must have received the communication of the Fayette County Automobile Club with feelings of appreciation and gratification.

It is encouraging to the members of council when hundreds of the representative, responsible and progressive residents of the city and county say, there is our hand on what you have done and this is our pledge to stand behind you and do all that we can to assist you in every forward looking action.

That's exactly what the club said to council in its communication. Heretofore it has been all to infrequent for any considerable number of citizens to speak out in appreciation of council's past efforts and openly pledge assistance and co-operation. The objectors have been heard but those who approved have been content to keep quiet and accept.

Now council has the proffered assistance of hundreds of our best citizens in all its actions for bettering Washington.

The information which the automobile club has gathered and placed before council is of vital importance as an aid to council in its endeavor to act for the public good and meet the public need. That information discloses that there are several things that need to be done and done soon—things, that council not quite so closely in touch with the facts as the club has been, might have hesitated to undertake without the evidence of the existing public desire and the pledge of support and assistance.

Most important of all is the fixing of the railroad crossings and making provisions for watchmen or gates.

It is refreshing to have a body of men like the automobile club numbers on its rolls step forward and say—we have gathered this proof, here it is, we are at your command, use us in all progressive activities. We are with you—our hand in congratulation of what has been done and in pledge of support and assistance for the future.

### Profit On Increase?

Those folks who believe or hoped that the increased wage scale allowed soft coal miners would not result in an increased price to the consumers were childishly optimistic. There were some, however, who hoped that, at this late day after the excitement of war was over, that the consumers would not be compelled to pay more than the amount of the increase in wages granted the miners. Even they, it seems from propaganda now being given wide circulation, were too optimistic.

The coal operators are not only "passing on" the increase to the public, but are adding on an additional increase.

Local union officials say that an increase in price to the consumer of fifty cents per ton would be ample to cover the wage increase allowed miners, while operators put the figure at from forty to sixty cents a ton.

The excess, as explained by the operators, is due to car shortage, lack of transportation facilities and overhead costs which the public doesn't know about.

On the face of it it looks like the old plan of adding all necessary increase to the consumers' price and then tacking a profit on to the increase, has been followed and the public, who pays for it all, is told that there are some things it doesn't understand.

### Modest Homes Needed

There is too much of an inclination to build only the pretentious homes, each containing all modern conveniences. The urgent need for homes demands construction plans which will more quickly develop into tenantable homes and not involve the expenditure of so large a sum of money. It is the luxuries in construction which cause the total cost of home building to mount to heights unattainable to the individual of modest means.

Many men with vacant ground could and would build homes to rent or to sell if the cost could be kept within reach of their means. Many men could build one or two comfortable homes who cannot afford the construction of a modernly equipped and pretentious dwelling.

What the crowded cities and towns need to solve the housing problem is more plain homes of the less expensive type.

The middle aged men and women of the present day did not demand, and could not have received if they had demanded, luxuries in the home.

In failing to build the simpler homes the individuals who could build are depriving themselves of a good income and increasing the difficulties of the thousands of home seekers.

### POETRY FOR TODAY

#### YOUR VIOLETS

Close to my heart your violets  
 The whole day with me spent;  
 Forgotten were life's vain regrets,  
 A charm to all things lent.  
 At morn, in church, they knelt with me;  
 My prayer's I know they shared,  
 For through the blessed litany  
 Their golden hearts lay bare!  
 And when at length the sweet day died  
 Each bird was fast asleep,  
 I heard them tell the eventide  
 They would my secret keep.  
 My heart well knows that violets  
 Are ever, ever true.  
 For as I held them to my lips  
 Their fragrance breathed of you!

## RANDOM NOTES

### SOCIAL : PERSONAL MENTION : CLUBS

The marriage of Miss Bertina McKitterick and Mr. John Barclay took place at the home of the bride's father, Thomas McKitterick, on Dayton avenue Saturday evening, at eight o'clock. The ring ceremony was performed by Rev. Floyd Gale.

It was a quiet wedding with only a few relatives and friends present.

The bride was charming in her dark blue suit. Mrs. Barclay has many friends in this city and also in Springfield where she has spent part of her time. Mr. Barclay, who spent some time in the service of his country over seas, is a resident of Springfield where he is employed as machinist.

Shortly after the ceremony the happy young couple left for a short wedding trip, followed by good wishes galore. They will make their future home at Springfield, Ohio.

Miss Claudia Cooper, daughter of Mr. and Mrs. Samuel Cooper of Sycamore street, and Mr. Enzoel Lamb were quietly married at the Baptist parsonage, Saturday afternoon at four o'clock. Rev. C. R. Ferguson officiating.

The bride's sister, Miss Irene Cooper and the groom's brother, Mr. George Lamb were the only attendants.

The bride, who has been employed at the Victory Confectionery looked very pretty in a midnight blue suit, with Spring hat and other accessories to match.

Following a wedding supper at the bride's home Mr. and Mrs. Lamb went to their own home on Draper street, which was in readiness for their occupancy.

Friends in this city have received cards bearing the announcement:

of the American Revolution was of particular Chapter interest in the report of the State D. A. R. Conference as recently held in Columbus.

Mrs. George Robinson, who was a delegate, gave a splendid report, bringing the high lights of the conference to the Daughters in a most entertaining way. The conference emphasized all way through the necessity of education among foreigners, as the great need of it had been shown in the training camps, and the importance of recruiting teachers. A number of chapters are taking scholarships for girls in the Schaffner Training School for Girls in Cleveland. In this school foreign born girls are taught Americanization and all forms of social service. Every graduate finds dozens of demands waiting and a number are called to Government service especially when they speak a number of languages.

The State Federation is purposing a memorial to Caroline Scott Harrison, wife of President Harrison, who was the first President General of the Daughters of the American Revolution.

The memorial will take the form of a dormitory for Oxford College. Mrs. Harrison having been born and raised in Oxford and her father one of Oxford College's first president.

The furniture in the Daughters' Hostess House at Camp Sherman, upon the dismantling of the house, was sent to Oxford and will furnish sixty rooms. It will require a hundred thousand dollars to build this dormitory.

Mrs. Ballard warmly eulogized the cordial and lavish entertainment of the Columbus Chapter. Featured among the social activities were a luncheon at the Great Southern Wednesday reception Wednesday night and banquet Thursday night.

Miss Lizzie Ellen Green contributed a beautiful piano solo to the program. Mrs. Harriett F. Woodward, Regent, during the opening business session, presented matters of chapter interest. A nominating committee was appointed. Miss Stella West, Chairman.

The meeting closed with a delightful social hour and refreshments served by the hostesses. Mesdames: Jesse Persinger, R. S. Quinn, D. H. Rowe, Lucy Pruden, Mart G. Morris, George Robinson, H. C. Parrett, Misses Fanny Persinger, Montress Parrett, Morris and Pine.

Saturday afternoon a delightful program was given at Miss Stinson's studio by pupils of the first and second grades—even beginners of only two months time required to appear.

One of Miss Stinson's important points in musical education is the requirement of students playing in public at frequent intervals which

prepares and keeps the pupils in readiness for piano playing, developing poise and eliminating embarrassment.

As all programs are given entirely without notes, concentration and memory work become much developed resulting in surprising effects and interpretations by these methods.

April 17 concludes the present series of recitals—which will consist of a difficult program by advanced pupils.

Miss June Lampe who was home from the University of Cincinnati for the Easter vacation, complimented her guest, Miss Lucy Gard, a classmate at the University, with an informal dancing party Saturday evening at the Lampe home near Jeffersonville.

Cards were also enjoyed throughout the evening.

Smiling flowers, daffodils, jonquils and tulips, were used in pretty arrangement through the home. In the dining room, where a delicious lunch was served, baskets of tea roses graced the small tables.

Mrs. Fred Lampe assisted her daughter in the hospitalities.

The guests including Misses Frances Merriweather, Elbel Spray, Margaret Johnson, Lois Lampe, Messrs. Herman Frey, Harold McLean, Robert Merriweather, Harold Hays, Lesley Peterson, Jay Burnette and Willard Lampe.

On Saturday afternoon at two o'clock, Mr. Harvey Culberson of this city and Miss Laura Blue, formerly of Richmond, Ind., were united in marriage at the Church of Christ.

The ceremony was performed by Rev. G. E. Groves, the pastor of this Church.

The groom is well known and successful business man of this city engaged in house moving. By his energy and courtesy for many years he has built up a splendid business.

Miss Blue was an efficient and obliging book-keeper employed by the J. A. Long Creamery Co., since last September. Both have a host of friends who wish them a happy married life.

Mr. and Mrs. Culberson left on the afternoon train for Cincinnati. After a short wedding trip they will be at home to their friends at Mr. Culberson's home on East Market St.

Miss Mary Pleyer with Mrs. G. C. Kithner, Mrs. J. W. Elliott, Mrs. Shiller, Miss Helen Alden, and Miss Blanche Tullis assisting hostesses gave pleasurable entertainment to the M. H. G. Class, Monday evening.

Mrs. Frank Jackson president of the class conducted the short business meeting before the evening was given over to a social time.

Misses Vera Veall, Emma Wilson and Hazel Moore were prize winners in a very entertaining contest.

Tempting refreshments were served.

Miss Ethel Tannahill, of Logan was a guest.

Mrs. Georgia Lambert of Rawlings street gave a very pretty birthday dinner, Easter for her son, Charles, in honor of his thirtieth birthday.

The guests were: Mr. George Hays son Arthur and family, Mr. Byrd Lambert, of Dayton, Mr. Orville Lambert and family of Newark, Mr. Lloyd Vincent and baby, Mrs. Cary Lambert and children, Mr. and Mrs. George Davidson and daughter.

A large birthday cake with candles formed an attractive center piece on the table.

Responding to Miss Margaret McDonald's invitations, several of Miss Nina Brathwaite's closest friends gave her an enjoyable surprise at the McDonald home, Monday evening honoring her birthday.

Miss McDonald served a delicious two-course lunch, the table effectively decorated with candles in crystal sticks.

## FORMER LOCAL MAN IN HIGH POSITION

Hugh Allen, brother of Howard Allen of this city, has resigned the editorship of the Akron Beacon, one of the big dailies of Ohio, to accept the

editorship of the Good Year Rubber Works publications. The new position carries with it responsibilities that only a newspaper man, such as Mr. Allen, is capable of handling.

All literature printed by the Good Year Company in their several locations must pass through Mr. Allen's hands. Besides the plant in Akron, establishments in Arizona, California, and in Canada produce literature.

Local interest in the announcement hinges on the fact that Mr. Allen was raised in this city and attended Washington High School, afterwards going to the University of Michigan and taking the engineering course, dropping engineering in Mexico Mr. Allen returned to the university and took up newspaper work in which he has since won wide recognition.

Mr. Allen won fame when he first printed his, "Tales of a Small Town, by Q."

## FUNERAL SERVICES

MRS. JOHN BAUGHN

Monday afternoon funeral services for Mrs. John Baughn were conducted by Rev. F. L. Fraser at the Sugar Creek Baptist church. Friends and neighbors came from all parts of the community and filled the church to overflowing, their presence showing

the high regard in which Mrs. Baughn was held.

Rev. Fraser made a beautiful little talk, and the choir rendered the hymns "Asleep in Jesus," "Sometime We'll Understand," "Some Glad Day."

Messrs. Dallas Hines, Tasso Coll, Jesse Coll, Blanchard Carr, Charles Park and Jesse Fultz acted as pallbearers and bore the casket to its final resting place in the Sugar Creek cemetery.

A number of beautiful flowers, including special designs from the church, Ladies' Bible class and young peoples' Sunday School class, surrounded the casket.

A number of relatives from out of town were here for the services.

# FINANCE DRIVE OF Y. W. C. A. NOW UNDER WAY

Formal Opening Gives  
Promise of Unbounded  
Success of Women's Cam-  
paign.

Workers Enthusiastic and  
Expect to Reach Goal of  
\$4,000 by Thursday Eve.

The Financial Drive of the Young Women's Christian Association is now splendidly under way, with prospects for success beyond expectations and the workers fired by an enthusiasm which can hardly fail to attain the desired budget of \$4,000 by Thursday night.

The campaign was formally launched Monday night, with a supper for the finance workers at the Y. W. C. A. rooms—nearly sixty people were present, including the various teams, the ministers and their wives, and Superintendent McClain, of the Public Schools. The personnel of the gathering was one in itself indicative of the success of the movement.

The social introduction of the campaign was delightful. A delicious lap supper was served by Misses Laura Brownell, Dorothy Dick and Florence Bliss, in fetching costumes as French maids. Mrs. Charles Severs catered.

The meeting was presided over by Mrs. A. F. Hopkins, chairman of the campaign. Miss Jones, field secretary and organizer, first outlined the plan of the campaign and gave special instructions to the workers. Each of the ministers present was called upon for a short talk and they all spoke enthusiastically endorsing the work. Mr. Mc-

Clain also expressed his interest and approval. Miss Myrtle McCoy, chairman of the membership campaign, gave a report of the work for membership of the past week. Five hundred and eleven members are reported to date with several more—large groups to be heard from. Miss Townsend, the secretary, spoke a few words, making a strong and earnest plea for help in carrying out the activities.

Each of the team captains with her team was introduced and reported the amounts received from the preliminary work that has been quietly carried on during the past weeks. Mrs. Willis, chairman of the Provisional Committee, and much-loved leader of the whole work, headed the list and spoke a few words of encouragement.

Mrs. Harrie R. Chamberlin, Executive Secretary of the Ohio and West Virginia Field, was the special guest of the occasion and spoke on "Our Responsibility to the Girls." She said that women especially think of everything in terms of people and so our \$4,000 budget was not just so many dollars but so many contacts with girls.

Miss Jean Howat, chairman of the Office Committee for the campaign, reported half of the budget already raised.

The next few days will be given over to this campaign and the captains of the teams will be out constantly until the end of the drive, Thursday night.

There is much confidence felt by the workers that Washington C. H. will go over the top gallantly and that people generally will want to do their part in a movement of such importance to the community.

Thursday night's meeting will close the campaign, and also effect a permanent organization. The hour has been changed from 7:30 to 8:30, so as not to conflict with the regular Thursday night prayer meetings.

# STORES LEND WINDOWS TO Y. W. C. A. CAMPAIGN

The department stores of The Frank L. Stutson Co. and Jess W. Smith have turned over two of their large display windows for the Y. W. C. A. finance campaign purposes.

The windows are attracting no little attention.

At the Stutson Store Mr. Sherrill Clark, display manager, has designed a most artistic and unusual window, the center of which is a large poster of a girl swimming towards a goal—\$4,000—and beneath are the words, "Help her reach her goal." Surrounding this poster smaller ones show girls engaging in athletic sports under the Y. W. C. A. training and girls in far off Japan and China as they are found enjoying the privileges of this organization. These posters give to onlookers an idea of the vital part of the World's Y. W. C. A. program.

The Smith store window has for its central figure a stunning out-door Y. W. C. A. girl in midday blouse and skirt, framed in a background of posters, the pivotal one asking that the local public back the Y. W. C. A. for the much needed \$4,000. Mr. Willis Cawley, the expert decorator of this store trimmed this window.

Those in charge of the Y. W. C. A. movement feel deeply indebted to Mrs. Fred West, who gave generously of her time and artistic talent to the making of a number of these posters on display.

The largest and most beautiful of the posters in these windows were painted by Mrs. West and she has also made a number for other display purposes.

# MRS. MARY E. DENIOUS PASSES INTO ETERNITY

Mrs. Mary E. Denious, wife of H. C. Denious, passed quietly away at half-past three o'clock Monday afternoon at the home of Mr. J. F. McMurray, on Elm street, aged 69 years.

Mrs. Denious was the daughter of one of Fayette county's wealthy pioneer farmers, the late Samuel Coffman, and was born and raised at the Coffman homestead in the Sugar Grove neighborhood. She is survived by her husband and two sisters, Mrs. Alice Parrett, of this city, and Mrs. Nancy Dick, of Mahomet, Ill. An only daughter died at the age of twenty years.

Mrs. Denious was a member of the Sugar Grove Methodist church and during her late years, which were years of invalidism, much interested in Wesley Chapel, in the neighborhood of her late residence.

Funeral services will be held Wednesday at 2:00 p. m. at Wesley Chapel and burial made in the Washington cemetery.

# ASSOCIATION MEN BOWLING CHAMPS

R. J. O'Neill, secretary of the City Bowling League which recently closed the winter season, announced Tuesday that unofficial figures claimed the Y. M. C. A. bowlers champions and winners of the trophy cup offered by the Ortmann Motor Company. The official standing is to be given out within a few days.

The "Y" bowlers won from a field of fifteen entrants during the season that started in January.

# CIVIL WAR VETERAN DIES AT AGE OF 76

John Stookey, 76, Civil War veteran, for many years a resident of New Holland, passed away at his home Tuesday morning after an illness of long duration. Two weeks ago all hope of recovery was given up.

Besides his wife, a brother, W. L. Stookey of New Holland, survives.

## RESIDENCE SELLS

# HILL INSTEAD OF BINCKLEY

George Hill, weight 195 pounds, will wrestle the Masked Marvel in this city tonight, instead of Cliff Binckley, wrestling the Marvel.

Announcement to this effect was made by Promoter Bell Tuesday morning, who stated that Binckley had sent word that he had an ear injured in a recent bout and for that reason could not be present.

Local fans, it is believed by Mr. Bell, will be better pleased with the work of Hill than Binckley.

Hill is one of the big wrestlers of the near-west, and has a wide reputation for fast and effective work.

Binckley's failure to keep his agreement is expected to add none to his popularity in this city.

Fans who know Hill anticipate a match of exceptional interest.

# SERIOUS CHARGE FILED BY FATHER

David Kelly, railroad crossing watchman of this city, Monday evening appeared before Mayor V. J. Dahl and filed a charge of criminal assault against Tom Duffee, former shoe-repairer of this city, now an inmate of the county infirmary.

The charge, according to the police, grows out of alleged mistreatment of the complainant's eight-year-old daughter. The crime is alleged to have been committed in city Saturday morning. The child is said by the authorities to have identified Duffee as her attempted assailant.

## BELIEVE MUCH FRUIT KILLED BY BIG FREEZE

It is the general belief that the unusually severe weather of Monday night killed a large percentage of the fruit buds, particularly the peach, pear, plum and any other buds that were far advanced, while vegetation generally that had been forced forth by the warm spring-like days was nipped.

The lowest point reached by the mercury Monday night was 20½ degrees above zero, and the freeze was so heavy that the ground was frozen solid and it is believed the advanced fruit buds were so badly damaged that the fruit crop may be materially reduced.

Fruit growers believe that the apples and other fruits which do not bloom so early have escaped in fairly good condition.

The snow of Tuesday morning added the final realistic touch to real winter, and humanity generally keenly felt the low temperature.

## AMERICAN LEGION PLANNING DANCE

Announcement has been made by the Executive Committee of the local post of the American Legion that plans are under way for a big post-Easter dance to be held in the Memorial Hall ball room sometime this month.

A special committee is now on the quest for the very best music procurable and the date will be announced when the music has been arranged for.

The dance will be public and invitations will be extended to posts in neighboring towns to attend. This will be the first social event in the Legion since its organization and a large attendance is expected.

COFFMAN PLANT  
RUNNING UNDER  
'COST SYSTEM'

Local Firm Adopts System Used by Biggest Concerns.

Will Increase Force of Employees More than One Hundred Percent.

Installation of a new shop system to keep up with the rapid advances made by the company in the last few months has just been completed by the Coffman Manufacturing Company and is now used in both the main plant and in the Main street branch.

The plant is now being run under the "cost system" plan, a system which is used in several of the big automobile factories and which is both advantageous to employee and employer. Under the cost system the firm knows just exactly how much profit is made each day by every man in the shop and the workman is given credit for the work performed. By means of a time clock each piece of work done is recorded in minutes and the man performing the work is listed.

H. P. Horner, system man of the Earnest and Earnest Accountants of Cincinnati, took the plant in charge for several days and worked out the new schedule. The company adopted the revision and all work was immediately put on the new basis.

Employees are offering their co-operation in the new system and are enthusiastically over the change from the old basis of work.

It was announced at the Coffman plant Monday evening that within the next month the number of the employed by the firm will be increased more than one hundred percent. At present thirty-two men are on the pay roll. This number will be raised to seventy-five.

Additional changes to be made by the Coffman Manufacturing plant have not yet been given out.

## HISTORIAN RESIGNS

Because of the resignation of one of the Senior class officers of Washington High School it will be necessary to hold another election. Charles Fabb, class Historian, has resigned because of the fact that his agriculture work will not permit him to get his diploma until late in the summer.

TO KEEP ILL-HEALTH  
'WAY FROM YOUR DOOR  
IS JUST WHAT MODERN  
PLUMBING'S FOR ..

MODERN plumbing is the up-to-date enemy of ill health. Disease gives a "well plumbed" home a wide berth. See that your drainage is open and properly constructed, or rather, let us see to it for you.
